

# Hotel Splendide Royal

The **Hotel Splendide Royal** is situated at the south end of the town and overlooks the first stretch of the Lungolago, "**Riva Caccia**", which links one of the most elegant zone of the town to the historic centre. Warmth and hospitality worship are the qualities that make unique the refined and aristocratic **Hotel Splendide Royal**. Here its numbers: 85 rooms, with 11 suites. **Category 5 stars deluxe**, only

10 minutes far from the international airport Lugano-Agno, and one hour far from the airport of Milan.

It's the seat of **Rotary, Lions Club, Ambassador Club, Public Relations Society of Ticino** and **New Anthology Club**, started by a well-known politician.

Thank to the large number of hospitable halls, the Hotel can put up meetings for the members of the clubs, chamber music concerts, congresses, seminars, art exhibitions and many other events. Saying

that the **Hotel Splendide Royal** is a cultural place, where the old and the modern live together in perfect harmony with its traditional style preserving its ancient nobility, is not a hazard.

## Lugano: Splendour, relax, charme

Also known as "**Queen of Ceresio**", because it faces the homonymous lake, **Lugano** is situated in one of the most fascinating places of the Prealpi. Here, the typical alpine scenery blends in well with the Mediterranean one: in winter you can enjoy the blooming snow-covered palms.

The temperate climate, the tourist bent, the Val Cuvia and the Malcantone which surround the town, can surely satisfy **the most exacting guest**.

Reaching the town is easy, by car or bus, by train and also by plane. **Lugano** faces the homonymous gulf, it's surrounded by the Mount San Salvatore and Brè, reachable by cableway, where you can enjoy the beautiful sight over the lake scenery.

A bridge between Southern and

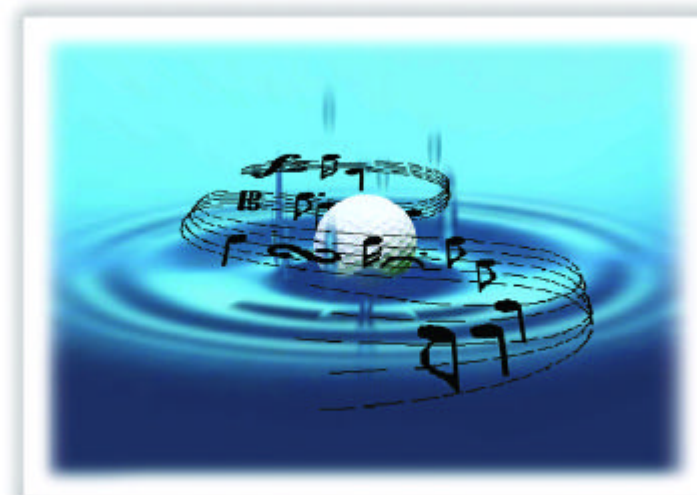

Northern Europe, the third financial market of Switzerland, it's characterized by strong contrasts in its scenery: lakes, rivers, rocks, torrents, glaciers, villages, castles and much more in an area of only 100 kilometres. In the historic centre, among the large number of buildings, we'd like to point out the **Congress Building** and the **Casinò**, one of the most attractive amusement in the Lugano nights. There are also fascinating

boutiques for your shopping and sports facilities for swimming, water polo, sailing, tennis and obviously golf.
